Facts

- Art in Islam is dominated by geometric designs usually with patterns, colour, texture, and calligraphy.
- Christian art is mainly defined by pieces that try to show or express the ideas of Christianity. Most Christian denominations or groups either use or have used art to some extent.
- From its original homeland of India, Buddhist art was transported to other parts of Asia and the world, adapting to local styles and norms in each new host country. Today, Buddhist art constitutes an important part of overall Buddhist cultural legacy.
