

## Pupil Premium Impact Statement 2018

The purpose of the Pupil Premium is to narrow the achievement gap (attainment and progress) between pupils from low income families and their peers by ensuring that this funding reaches the pupils who need it most. Schools have the freedom to spend this funding as they see fit based upon their knowledge of pupil needs.

### Priorities for 2018-19

We have identified a number of areas on which we will be focusing for this academic year:

1. Identification of underachieving PP pupils at each data drop - closing the gap: all measures
2. Careers (Connexions), House, Raising Achievement based personalised experiences focused to ensure each pupil is inspired, so that they can then set goals and know exactly how to achieve those goals.
3. Further developing our approach to persistent absence and persistent poor punctuality to the start of the Academy day.
4. Early interventions with Year 5/6 where we know behaviour for learning, attendance and punctuality are barriers to learning.
5. Further developing the consistency of Academy wide implementation of the behaviour policy.
6. Further development of the praise and reward policy.
7. Weekly meetings to plan bespoke interventions for Year 11.
