Principal and CEO: Allison Moise-Dixon

18<sup>th</sup> March 2020

Dear Parent / Carer

## **Enforced Closure of the Alec Reed Academy**

Following the Prime Minister's announcement today, the Academy will be closed with effect from Monday 23<sup>rd</sup> March 2020 to all children and young people except for those whose parents have been defined as key workers or are classed as our most vulnerable students. Once the government has made clear who these key groups of students and parents are, we will notify you of your child's eligibility to attend the Academy. This will be dependent upon you notifying us that you as a parent fall into the category of a key worker. We will provide educational provision which will not be exactly the same as your child would have experienced had we not been subject to enforced school closure.

As you know, staff have been preparing resources for your child to either bring home by Friday or to access online from Monday onwards.

Please do make a final check that both you and the Academy have all your relevant up to date contact and access details.

I will be writing to you again tomorrow to finalise information for the coming weeks but wanted to let parents whose children do not fall into the category of key worker, know that the school closure will be taking effect from Monday 23<sup>rd</sup> March 2020.

With kind regards

**Allison Moise-Dixon**  
**Principal and CEO**
