

Dear Parents and carers,

White Rose Maths have teamed up with TV presenter, teacher and parent Michael Underwood to bring you a mini-series called Maths with Michael. We understand that many parents feel like maths has changed and can sometimes find it difficult to keep up to date with modern teaching methods in maths. This can help you bridge the gap between school and home.

Episodes will be released each **Sunday at 4pm** and **Wednesday at 7pm** for 3 weeks. Episodes will give you an introduction to place value, subtraction, multiplication, division, fractions and algebra.

Maths with Michael : <https://whiterosemaths.com/for-parents/maths-with-michael/>

The screenshot shows the 'Maths' section of the website. It features two video players: 'Introduction - Has Maths Changed?' and 'Episode 1 - Place Value'. To the right of the second video is a 'Get the Parent Guide' button with a description: 'A short how to guide providing information on how you can help your child understand Place Value.' Below the videos are two resource boxes: 'Free Printable Booklets' (Free to download, engaging workbooks for each topic) and 'Printed Workbooks' (Low cost printed workbooks). A blue arrow points from the 'Free Printable Booklets' box towards the URL below.
