Dear Parents/Carers

All of us are aware that the parking at the end of the primary driveway onto Compton Crescent is difficult, crowded, and frustrating. The situation is becoming increasingly dangerous for our children and sadly I feel that it is only a matter of time before something with permanent consequences happens.

Currently there is a car that repeatedly parks across the safe crossing area, preventing our children and parents from crossing safely, wheelchairs are also unable to cross.

Some cars are also being parked across the driveways of our local residents when they have cars parked on the driveway (it is an offence to block an entrance or exit) making it impossible for residents to leave their driveways.

Sadly, some of our local residents have been met with confrontation and verbal abuse when they have spoken to parents that have blocked their driveways.

I know that it is only a very small number of inconsiderate people that I am referring to – but this situation is causing upset to many. I have been made aware by the local council that they will be sending a parking ticket inspector over to us on a regular basis to help resolve this serious issue.

I would welcome your support with trying to improve this issue and help to ensure the safety of our children.

Yours faithfully

Anne Franklin

Primary Headteacher
