

# Support

## Wave 1:

Universal Provision – the entitlement of every child.  
Quality First Teaching i.e. *the learning that takes place with the Teacher in the classroom.*

## Wave 2:

For children that need some additional help. Where a group intervention is needed to close the gap.  
For example: *literacy withdrawal groups, homework club, lunch time club in the SEND room etc*

## Wave 3:

For children who need a lot of additional and specialist provision – some of them will have had a statutory assessment and therefore have an EHC Plan.  
This is often 1:1 but can be in small groups.  
For example: *Speech and Language support, Occupational Therapy and Social, Emotional support.*
